RE: KOESTER PAVILION, TROY, OHIO

Dear Ms. Lauber:

On August 25, 2010, I conducted a follow-up large generator of infectious waste inspection at the above mentioned facility. The inspection was conducted in order to determine compliance with Ohio Administrative Code (OAC) 3745-27, specifically rules governing large generators of infectious waste and compliance issues noted in the July 13, 2010, correspondence from the Ohio EPA. The noted violation from the July 13, 2010 inspection was corrected and the facility was found to be in substantial compliance.

If in the future you have any questions, please contact me at (937) 285-6094.

Sincerely,

Jill Olberding, R.S.
Division of Solid and Infectious Waste Management
