**RE: SCRAP TIRE RECOVERY FACILITY COMPREHENSIVE INSPECTION
NOTICE OF VIOLATION (NOV)**

Dear Mr. Lewis:

On March 30, 2011, I attempted to conduct a comprehensive inspection of the Class II Scrap Tire Recovery Facility (Facility) and adjacent buildings located at 1165 Brittain Street, Youngstown (Mahoning County), Ohio (Property). The purpose for the inspection was to determine compliance with Ohio Administrative Code (OAC) Rule 3745-27-65 and Ohio's open dumping laws.

When I arrived at the facility there was no one present and the gate was locked. Since Ohio EPA was unable to conduct the 3rd Quarter FY2011 inspection, compliance with OAC Rule 3745-27-65, Ohio's open dumping laws and previous NOV's could not be verified. Therefore, RRI of Ohio continues to be in violation of the following rules, specified in the last NOV dated December 22, 2010:

Mandatory Closure:

1. **OAC Rule 3745-27-66(C)** states, in part, "[i]n closing the facility, the owner or operator implementing the closure shall do the following:

(1) *Not less than sixty days prior to the anticipated date upon which the [facility] will cease to accept scrap tires, provide written notice...to all of the following:*

- (a) *The single or joint solid waste management district...in which the facility is located or which is served by the facility;*
- (b) *The board of Health in which the facility is located;*
- (c) *The local fire department; and,*
- (d) *The director [of Ohio EPA].*

- (2) *At the time the...facility has ceased to accept scrap tires, the facility owner or operator shall post signs in such a manner as to be easily visible at all entrances to the facility, stating that the facility is closed for all scrap tire activities.*
- (3) *Not later than thirty days after a scrap tire...recovery facility has ceased to accept scrap tires, the facility owner shall do the following:*
 - (a) *Remove all scrap tires;*
 - (b) *Remove any solid waste remaining on site and dispose of them at a facility authorized to dispose of such waste;*
 - (c) *Clean all areas of the facility and any appurtenances; and,*
 - (d) *Submit the final annual report for the facility, as required by paragraph (J)(3) of OAC Rule 3745-27-65, to the director.*

RRI of Ohio was required to cease acceptance of scrap tires at the Facility and begin implementing closure of the Facility as of November 2, 2009. RRI of Ohio was also required under OAC Rule 3745-27-66(C)(3) to remove all scrap tires and solid waste thirty days after ceasing acceptance of scrap tires, or thirty days after Ohio EPA's November 2, 2009 final license denial at the very latest. RRI of Ohio's failure to implement closure activities and remove scrap tires and solid waste from the Facility by December 2, 2009 is a violation of OAC Rule 3745-27-66(C) and Ohio EPA's November 2, 2009 final license denial, Order 2.

Open Dumping:

2. **ORC Section 3734.03** states, in part, that "[n]o person shall dispose of solid wastes by open burning or open dumping...."

OAC Rule 3745-27-05(C) states that "[n]o person shall conduct, permit, or allow open dumping. In the event that open dumping is occurring or has occurred at a property, the person(s) responsible for the open dumping, the owner of the property, or the person(s) who allow or allowed open dumping to occur, shall promptly remove and dispose or otherwise manage the solid waste in accordance with Chapter 3734. of the Revised Code, and shall submit verification that the solid waste has been properly managed."

Immediate actions must be taken by you to bring the Property back into compliance. Please submit, within 15 days of your receipt of this letter, a response that indicates what actions have been or are being taken to address the violation. Also, please submit receipts for the transport and disposal of the processed tire shreds that have been removed from the Facility in 2009 and 2010.
