RE: ZOLLINGER C&DD LANDFILL  
WAYNE COUNTY  
NOTICE OF VIOLATION

**CERTIFIED MAIL**

Mr. Rudy Zollinger  
Zollinger C&DD Landfill  
11899 Easton Road  
Rittman, Ohio 44270

Dear Mr. Zollinger:

On March 26, 2008, John Hujar and Clarissa Gereby, representing the Division of Solid and Infectious Waste Management (DSIWM), and Doug Dobransky, representing the Division of Drinking and Ground Waters (DDAGW), Ohio EPA conducted a site inspection of the Zollinger C&DD facility located at 11899 Easton Road, Rittman, Wayne County. Bob Zollinger and Tony Zollinger, representing the facility, were present during the inspection.

During the site inspection, two leachate outbreaks were observed at the facility. Both leachate outbreaks occurred at the northern portion of the facility, with one leachate outbreak located at the east portion of the separatory liner and the other located at the base of the separatory liner.

It was determined that the following violation occurred at the Zollinger C&DD Landfill:

**Ohio Administrative Code (OAC) 3745-400-11(O):** *Leachate outbreaks. If there is an outbreak of leachate at the surface, the owner or operator shall do all of the following:*

- (1) *Contain the leachate.*
- (2) *Manage and dispose the leachate in accordance with applicable regulations.*
- (3) *Repair the outbreak.*

At the time of the inspection, the leachate was not contained and it was noted that the leachate was flowing into an on-site surface water pond. No action to repair the leachate outbreaks had been initiated by site personnel.

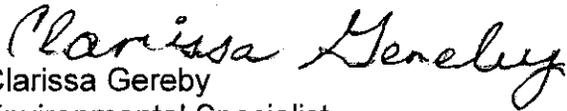

Please respond in writing to this office within 15 days of receipt of this letter and provide details of the actions taken at the facility to correct the above cited violation.
