Return to Compliance

September 11, 2007.

Mr. Frank T. Bellamy, Vice President
Ohio Galvanizing Corporation
467 West Fairground Street
Marion, Ohio 43302

Dear Mr. Bellamy:

On June 27, 2007, Ohio EPA investigated a complaint at Ohio Galvanizing Corporation (OGC) in Marion, Ohio. On August 7, 2007, I issued a notice of violation citing OGC for failure to add K062 to their spent liquor and chromate sludge wastes (OAC Rule 3745-52-11 and OAC Rule 3745-270-07(A)(1)). After further review of the rules, it was determined that OGC did not incur the violations cited in the August 7, 2007, NOV as follows:

1. OAC Rule 3745-52-11: Waste Evaluation

OGC was cited in the August 7, 2007, NOV for failing to add K062 to their spent pickle liquor and chromate sludge wastes. After further review of OAC Rule 3745-51-32, it was determined that OGC's waste did not meet the definition of K062. **Therefore, this violation is rescinded.**

2. OAC Rule 3745-270-07(A)(1): Land Disposal Restriction

OGC was cited in the August 7, 2007, NOV for failing to add K062 to their spent pickle liquor and chromate sludge wastes. After further review of OAC Rule 3745-51-32, it was determined that OGC's waste did not meet the definition of K062. **Therefore, this violation is rescinded.**
