Mr. Dale Kruse, Operations Manager
Ottawa Oil Company, Inc.
P.O. Box 346
Ottawa, Ohio 45875

Dear Mr. Kruse:

Thank you for your October 29, 2010, response to Ohio EPA's September 27, 2010, Notice of Violation letter. Ohio EPA received your response on November 1, 2010. You submitted documentation including your new universal waste procedures for spent lamps and photographs of properly labeled spent lamp containers. According to your response, Ottawa Oil will be using either Environmental Recycling or McNaughton-McKay Electric to recycle its spent lamps and RS Used Oil, Inc. to recycle its used oil.

My review of this documentation reveals that Ottawa Oil has adequately demonstrated abatement of the remaining violation discovered during my September 17, 2010, inspection.

If you have any questions, please feel free to contact me at (419) 373-3074.

Sincerely,

Don North
District Representative
Division of Hazardous Waste Management
