Re: Alpha Coatings, Inc.
OHR000114736
Seneca County
Hazardous Waste
Return to Compliance

June 2, 2011

Mr. Ed Cortez, Business Systems Manager
Alpha Coatings, Inc.
622 South Corporate Drive
Fostoria, Ohio 44830

Dear Mr. Cortez:

Thank you for your May 27, 2011, response to Ohio EPA's May 13, 2011, Notice of Violation letter (NOV). Shara Dine of Dine Comply, Inc. via email submitted to me on your behalf waste characterization information and photograph documentation of labels indicating that you will be adding selenium (D010) as a hazardous waste code to your labels and manifests for both your solid and liquid hazardous waste streams.

Please note that based on the analytical you submitted to me on March 22, 2011, your liquid hazardous waste stream contains selenium at 0.230 mg/L which is below the regulatory limit of 1.0 mg/L and thus may not be a hazardous waste for selenium. However, if you wish to label this as a hazardous waste for selenium since this hazardous constituent is present; your facility has the choice to do so.

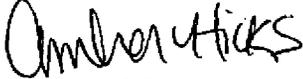

Based on this information you have adequately demonstrated abatement of the violation as listed below:

Violation	Date Violation Determined	Date Violation Abated
1. OAC Rule 3745-52-11 Waste Evaluation.	March 22, 2011	May 27, 2011

Mr. Ed Cortez, Business Systems Manager
June 2, 2011
