Dear Mr. Bates:

Thank you for your August 10, 2007, response to Ohio EPA's July 10, 2007, Notice of Violation letter. The documentation you submitted included sampling results for the excavated used oil contaminated soil, and disposal documentation. In addition, you stated the implementation of used oil management policies to prevent used oil spills in the future. Finally, you stated on the telephone that from now on you will be sending your used oil to Trans Vac, Inc. in Lima, Ohio.

My review of this documentation reveals that Bates Recycling, Inc. (BII) has now abated all violations discovered during the June 11, 2007, complaint investigation as listed below:

Letter Citation #	Rule Citation
1	OAC 3745-279-22(C)(1) - Used oil storage requirements for generators - Labels
2	OAC 3745-279-22(D) - Response to releases Used oil storage requirements for generators -
3	Used Oil Management Concern
