Dear Mr. Twining:

Thank you for your November 7, 2007, response to Ohio EPA's notice of Violation (NOV) dated October 26, 2007. This NOV was issued to address a violation found during Ohio EPA's compliance evaluation inspection (CEI) conducted at your facility located at 2915 County Road 96, Carey, Ohio, on October 18, 2007.

The information you submitted has been reviewed and status of the violation cited is as follows:

1. **OAC Rule 3745-65-16(C): Personnel Training.**

A large quantity generator of hazardous waste must ensure that its facility personnel take part in an annual review of the initial training given.

Continental Structural Plastics (CSP) failed to conduct annual refresher training of its personnel (within a 12-month period). Training dates for the last three years included: 06/07/2005, 08/10/2006 and 08/30/2007.

You stated in your letter that the 2008 training has been scheduled for the week of 07/28/2008 and that all the training from now on will be scheduled on an 11-month basis. ***This violation has been abated.***
