RE: CUBBISON COMPANY
MAHONING COUNTY
OHD 058 388 570
RETURN TO COMPLIANCE (RTC) - SQG

Shawn Danks
Cubbison Company
380 Victoria Road
Youngstown, OH 44515

Dear Mr. Danks:

This letter acknowledges receipt on July 28, 2011 of your correspondence dated July 27, 2011. That correspondence responded to Ohio EPA's NOV letter dated July 13, 2011.

My review of the documentation provided by this correspondence, which included a photo indicating only one 55 gallon satellite accumulation drum in the paint room area and documentation of refresher training on satellite accumulation area requirements, indicates that Cubbison has adequately demonstrated abatement of the following violations from the June 27, 2011 inspection cited in my letter of July 13, 2011, specifically:

1. OAC Rule 3745-52-34(C)(1) Generator Can Not Accumulate More than 55 Gallons in Satellite Accumulation Area
OAC Rule 3745-52-34(C)(2) Generator Who Accumulates More Than 55 Gallons In Satellite Accumulation Area Must Comply With Generator Accumulation Area Standards Within 3 Days
2. OAC Rule 3745-52-34(C)(1)(a) Satellite Accumulation Containers Must Be Closed Except When Adding Or Removing Waste
3. OAC Rule 3745-279-74(B) Used oil marketer must ensure used oil meets specs by proper documents

Should you have any questions regarding this letter, please contact me at (330) 963-1165.

Sincerely,

Neil J. Wasilk
Environmental Specialist
