Cleveland, Ohio 44109-0087

Dear Mr. Baumann:

I received the August 11, 2007 letter from Michael Milliacci which responds to the violations and concerns found during my May 17, 2007 inspection of Bradley Asbestos Abatement Company located at 4275 Bradley Road, Cleveland, Ohio 44109.

Bradley Asbestos has documented its correction of the following violations:

1. OAC rule 3745-279-22(A) - Used oil storage units.
2. OAC rule 3745-279-22(B) - Condition of used oil storage units.
3. OAC rule 3745-279-22(C) - Used oil labels.

Bradley Asbestos remains in violation of the following:

4. OAC rule 3745-279-22(D) - Response to releases of used oil.
Mr. Miliacci's letter states that this work is being delayed by current road work which prevents trucks from getting to this site. He also states that he will contact me when clean-up work can begin.

Mercury thermostat concern:

I received a copy of a letter from Fluorescent Recycling, Beachwood, Ohio that states the mercury thermostat will be recycled. This documents that you have addressed this concern.
