**RE: GUERNSEY COUNTY
FAC - CAMBRIDGE TRANSFER &
RECYCLING**

Cambridge Transfer & Recycling
3596 State Route 39 NW
Dover, OH 44622

Attention: Keith Kimble, Operator

Subject: Notice of Violation, 3rd Quarter 2007 Inspection

Dear Mr. Kimble:

On September 11, 2007, I conducted an inspection of the Cambridge Transfer & Recycling Facility located at 4201 Glenn Highway in Cambridge. I spoke with Roxanne Wagstaff at the time of my inspection.

During the inspection, it was noted that a portion of the tipping floor of the transfer facility had sunken. Based on my observations, the transfer facility was noted to be in violation of the following Ohio Administrative Code (OAC) rules:

OAC 3745-27-23(A): requires the owner or operator to conduct all operations at a solid waste transfer facility in compliance with approved detail plans, specifications, and information, the terms and conditions of the permit to install issued in accordance with rule 3745-27-02 of the Administrative Code, and the solid waste facility license issued in accordance with Chapter 3745-37 of the Administrative Code.

OAC 3745-27-23(X): requires the owner or operator to conduct all solid waste storage and handling operations on floors that readily allow regular wet or dry cleanup operations to prevent odors and nuisances.

Ms. Wagstaff indicated that repair work for the floor was scheduled and that a more durable iron floor was to be installed in 2008.
