**RE: GUERNSEY COUNTY  
SITE - GEN**

Mr. Charles Morris  
244 Walnut Street  
Quaker City, Ohio 43773

Dear Mr. Morris:

On November 7, 2007, I conducted a follow-up inspection at property you own located north of Main Street near the water tower in Quaker City, Guernsey County, Ohio. This inspection was conducted as a follow-up to our telephone conversation of October 2, 2007, in which you indicated that you had initiated removal of solid waste and construction and demolition debris (C&DD) from the site.

At the time of my visit, I observed that efforts had been made to restrict access to the site and it appeared that some of the waste had been removed. I have also received copies of receipts from the Kimble Transfer and Recycling facility outside Cambridge indicating that you have brought nearly eight tons of waste in for proper disposal. However, some solid waste and construction & demolition debris remain at the location.

I do appreciate your efforts in removing the solid waste and construction & demolition debris from the site. Please continue to remove all waste dumped at the location in order to adequately abate all existing violations and bring the site into compliance with all applicable solid waste and construction and demolition debris rules.

Should you have questions, please contact me at (740) 380-5439.

Sincerely,

P. Joe Holland, R.S.  
Environmental Specialist  
Division of Solid and Infectious Waste Management
