Dear Mr. Willis:

This Agency conducted a follow-up inspection of the complaint that scrap tires are dumped at your business and not stored correctly. This site is known as Buckeye Auto located off of State Route 243 in South Point, Ohio. I conducted an inspection of the business on June 11, 2008, and met with you to discuss the issue. I observed that you have removed all of the scrap tires dumped on the ground since my last inspection.

You stated that Pike Sanitation has removed 2,400 scrap tires from the property. Scrap tires remain in your barn; you stated that you could reuse and sell some of these scrap tires.

I would like to thank you for your cooperation in this matter.

Compliance with the requirements outlined in the letter, or the solid and infectious waste provisions contained on ORC Chapter 3734 and the rules promulgated thereunder, does not relieve the owner of his or her obligation to comply with other applicable State and Federal laws and regulations.

Should you have questions, please contact me at this office at (740) 380-5246.

Sincerely,

Clint Shuff, R.S.
