**Subject: Inspection of Large Generator**

Dear Ms. Thompson:

On March 30, 2007, I conducted an inspection of the infectious waste handling program for the Woodsfield Nursing and Rehab Center, located at 37930 Airport Road, Woodsfield, Ohio. The inspection was conducted to determine compliance with the Ohio Administrative Code (OAC) 3745-27-30 through 3745-27-38.

The infectious waste handling techniques practiced by your staff and the shipping paper files appear to be in compliance with Ohio solid waste rules. The white copy of the shipping papers for December 2, 2004 was missing. Please contact your infectious waste transporter for a copy of the completed form for your records. Once you have received this form, please contact this office.

If you have any questions, please feel free to contact me at (740) 380-5443.

Sincerely,

Trevor L. Irwin, RS
