Attention: Guy Brown, President

**Subject: Semiannual Inspection of Brown Brothers Landfill**

Dear Mr. Brown:

On April 6, 2011, Ohio Environmental Protection Agency's Southeast District Office conducted an inspection of the Brown Brothers Landfill in Monroe County.

During the brief inspection, I observed the following: the landfill appeared to have been mowed (at least partially) in recent years; several leachate seeps have formed on the landfill's slopes; some cover soils and waste have been disturbed by the excavation of a trail (ramp) down to a pond; assorted scrap metal and conveyor belts have been openly dumped (abandon); and the landfill's maintenance building was unsecured and created an unattractive nuisance.

Several photos were taken during the inspection and will be incorporated into the facility's public record at the Southeast District Office.

This was a semiannual inspection. The landfill was last inspected December 13, 2010.

If you have any questions, I may be reached at (740) 380-5440.

Sincerely,

Craig Walkenspaw  
District Engineer  
Division of Materials & Waste Management

CW/jg
