RE: ~~MORGAN COUNTY~~
~~TIRE-TTI Ohio~~

Mr. Jason Curall
TTI Tire Ohio
310 13th St. Building 10
Malta, Ohio 43758

Dear Mr. Curall:

On June 12, 2007, I conducted an inspection of the TTI Ohio Scrap Tire Recovery Facility in Malta, Ohio as required by Ohio Administrative Code Rule 3745-37-08 (D)(5).

During this inspection, I observed that a significant amount of steel/metal waste product continues to be stored onsite. As we have discussed, it is important to remove that material for proper disposal or recycling. You have advised me that this material accumulated at this location prior to TTI Ohio assuming control of operations. However, the proper removal of this material ultimately rest with TTI Ohio. I encourage you to remove this material as soon as possible.

During this inspection, we discussed an illegal tire dump in Perry County that has scrap tires that originated from TTI Tire in Malta. Tires that are delivered to your facility or tires that leave your facility must be transported by a registered scrap tire transporter. Failing to utilize a registered scrap tire transporter is a violation of OAC Rule 3745-27-56. Specifically,

3745-27-56 (A)- Any person transporting scrap tires in Ohio shall comply with the standards for transportation of scrap tires in this rule and the use of shipping papers in rule 3745-27-57 of the Administrative Code.

You advised me that TTI Ohio has ceased transporting scrap tires to this location. TTI Ohio may benefit from obtaining a scrap tire registration for future needs. Should you have any questions, or if I can be of assistance, please contact me at (740) 380-5219.

Sincerely,

Peter C. Thompson
Division of Solid & Infectious Waste Management
