348 3rd Street
Marietta, Ohio 45750

Dear Mr. Boley:

On December 17, 2008, I conducted an inspection of your business to discuss your waste tire management program in accordance with Ohio's scrap tire laws, specifically, Ohio Administrative Code (OAC), Chapter 3745-27-60.

During this inspection, you stated that your business rarely deals with scrap tires. You also stated that when you do have scrap tires, you take them home and burn them. I informed you that this is not allowable under Ohio law. You then stated that you receive most of the new tires for your business from Sterling Service Store (Sterling). As mentioned during my visit, perhaps you and the owner of Sterling could work out an agreement where Sterling would take your scrap tires for proper disposal.

Should you have questions, please contact me at (740) 380-5443.

Sincerely,

Trevor L. Irwin, RS
