Marietta, Ohio 45750

Dear Mr. Davis:

On December 17, 2008, I met with you to discuss your company's transporting of scrap tires. Ohio Administrative Code Rule 3745-27-54 requires that anyone transporting more than 10 scrap tires in the state of Ohio must be registered with the Ohio Environmental Protection Agency (Ohio EPA) as a scrap tire transporter. During our meeting, you indicated that you would like to register your company with Ohio EPA as a scrap tire transporter.

Please find enclosed Form ST-54, registration application for scrap tire transporters, and other guidance documents to help assist you in registering your company with Ohio EPA as a scrap tire transporter.

In addition, your company must cease transporting scrap tires until such a time where Ohio EPA issues a registration to transport scrap tires. If your company needs to have scrap tires removed, please use a company that is registered with Ohio EPA as a scrap tire transporter.

If you have any questions, please feel free to contact me at this office. You can reach me either by mail or by calling me at (740) 380-5443.

Sincerely,

Trevor L. Irwin, RS  
Environmental Specialist II  
Division of Solid and Infectious Waste Management
