**Re: Frick-Gallagher-Ray O Vac, Fairfield County**

Dear Mr. Filippi:

This letter is written regarding a storm water inspection that I conducted at Frick-Gallagher-Ray O Vac located at 330 South Ewing Street in Lancaster, Ohio, on September 30, 2011. Ohio EPA has received and approved this site for coverage under the General Storm Water Permit associated with Construction Activities. Ohio EPA's Storm Water Staff will be conducting future storm water inspections to ensure compliance with the General Permit. During the inspection, I noted the following:

**Sediment and Erosion Controls:**

- There was active construction at the site. Controls were in place to prevent sediment from discharging off-site. No erosion was leaving the site.

If you have any questions regarding this letter or the inspection, please do not hesitate to contact me at our Central District Office at (614) 728-3851.

Sincerely,

Gregory L. Sanders  
Environmental Specialist  
Division of Surface Water  
Central District Office
