Dear Mr. Holmes,

Thank you for your March 26, 2007, response to Ohio EPA's January 8, 2007, Notice of Violation letter. The documentation you submitted included photographic evidence demonstrating the construction of a cement pad to store your scrap metal dumpsters on and a clean up of the area surrounding the dumpsters.

My review of this documentation reveals that Mt. Vernon Machine & Tool has now abated all violations discovered during the January 4, 2007, inspection as listed below.
