Re: **City of Newark (complaint investigation)**

**RTC**

Dear Ms. Barch:

Thanks for Mr. Trujillo's help during my follow-up visit to your 40 West Main Street facility on September 18, 2008. I reviewed actions taken in response to Ohio EPA's May 29, 2008 Notice of Violation letter from my May 15, 2008 compliance inspection. I was able to verify that your Universal waste lamps are now being accumulated in structurally sound, properly marked containers.

Each of the two violations that were noted previously, have now been corrected:

1. **Universal Waste Lamp Containers, OAC rule 3745-273-13(D)(1):** Waste lamps are now being accumulated in structurally sound containers to prevent breakage.
2. **Universal Waste Lamp Marking, OAC rule 3745-273-14(E):** Containers of the waste lamps are marked with the words "Used Lamps" or "Waste Lamps".

This letter serves to document your facility's return to compliance. Should you have any questions now or in the future relating to your hazardous waste compliance, please feel free to call me at (614) 728-3885.

Sincerely,

J. David Hohmann
