Complaint Investigation
Return to Compliance**

Dear Mr. Gale:

On June 11, 2010, Ohio EPA came back to your property located at 5031 Township Road 187 near Marengo, Ohio to complete a follow-up investigation. This investigation was in regards to the April 29, 2010 notice of violation (NOV) issued to you as a result of the April 21, 2010 complaint investigation. The NOV was issued for used oil labeling requirements. On the day of the follow-up investigation, Phil Farnlacher and I spoke to you and reviewed current operations. You indicated that scrap metal and used oil had been removed since our last visit. The used oil was taken to the Capital City Oil facility in Mt. Vernon, OH and all containers of liquid remaining had been labeled with the contents.

During the follow-up investigation, it was evident that things had been cleaned-up, removed, and/or labeled as requested. Based on the findings of the follow-up investigation, it has been determined that the violation cited in the April 29, 2010 NOV has been adequately abated.

- **OAC Rule 3745-279-22(C), Labels.**

Should you have any questions or need additional information, I can be reached by telephone at 614-728-5037.

Your cooperation in this matter was appreciated.

Lee Fisher, Lieutenant Governor
Chris Korleski, Director
