**RE: Troy Family Medicine, 110 South Stanfield Road, Troy, OH
Return to Compliance**

Dear Ms. Farno:

On December 1, 2011, I conducted a large generator of infectious waste (IW) re-inspection at the above mentioned Facility. This inspection was conducted to determine compliance with Ohio Administrative Code (OAC) 3745-27, specifically rules governing large generators of infectious waste and compliance issues noted in the November 9, 2011 correspondence from the Ohio EPA. The noted violations from the November 3, 2011 inspection were corrected and the Facility has returned to compliance.

Nothing in this letter shall be construed to authorize any waiver from the requirements of any applicable state or federal laws or regulations. This letter shall not be interpreted to release the owner or operator, or others, from responsibility under Chapters 3704, 3714, 3734, or 6111 of the Ohio Revised Code or under the Federal Clean Water Act, Resource Conservation and Recovery Act or Comprehensive Environmental Response, Compensation, and Liability Act for remedying conditions resulting from any release of contaminants to the environment.

If you have any questions, please contact me at (937)285-6094.

Sincerely,

A handwritten signature in cursive script that reads "Jill Olberding / Jy".
