Dear Mr. Reighart:

As outlined below, you have documented the correction of the violation and concern found during my September 14, 2011 inspection of Reighart Steel Products located at 37877 Elm Street in Willoughby, Ohio.

OAC Rule 3745-273-13 (D)(1) - Universal waste lamp containers.

Your November 21, 2011 email documented your correction of this violation.

During the inspection we saw a few pallets of material that were left by your former tenant, Correct Air Corp. These materials included latex paint and a grey, plastic container of unknown material. The January 3, 2012 email from Lori Harrison and its attached manifest document that this material was properly disposed.

If you have any questions, please contact me at (330) 963-1217, or robert.almquist@epa.state.oh.us.

Sincerely,

Robert Almquist
