Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During the October 1, 2008 to December 31, 2008 time period we did not monitor for the following contaminants and therefore cannot be sure of the quality of our drinking water during that time: ARSENIC.*

This notice is to inform you that Trinity Lutheran School did not monitor and report results for the presence of the contaminants listed above in the public drinking water system during the October 1, 2008 to December 31, 2008 time period, as required by the Ohio Environmental Protection Agency. You do not need to take any actions in response to this notice.

### **What Is Being Done?**
