Carroll, OH 43112-1421

SUBJECT: CCR VIOLATIONS (Type 72)

Ohio EPA received the 2008 Consumer Confidence Report (CCR) for the Village of Carroll's public water system. The CCR was reviewed for the required content. Based on our review, the Village of Carroll public water system is in violation of the Ohio Administrative Code (OAC) Rules 3745-96-01 through 04 for failure to comply with the CCR requirements. The following violations were noted:

1. The Table of Detected Contaminants was not included in the report,
 - it should include the contaminants detected at the plant tap of your water supplier and reported to you on their 2008 CCR report,
 - it should also include any contaminants detected within your distribution system,
 - a separate table should include the chlorine residuals detected in your distribution system.
2. The required Village of Carroll water system contact or required public participation notice was not included.
3. Good faith efforts, as required by OAC 3745-96-04 (B), to reach all non-bill paying consumers were not made.

Be sure to correct the violation(s) as appropriate in your next CCR. The next report for calendar year 2009 must be sent to your customers by no later than July 1, 2010. A copy of the CCR along with a Certification Form must be submitted to the Central District Office at the above address.

Ted Strickland, Governor
Lee Fisher, Lieutenant Governor
Chris Korleski, Director

Village of Carroll
