Ohio EPA received the 2008 Consumer Confidence Report (CCR) for Colony Village MHP. The CCR was reviewed for the required content. Based on our review, Colony Village MHP's water system is in violation of the Ohio Administrative Code (OAC) Rules 3745-96-01 through 04 for failure to comply with the CCR requirements. The following violations were noted:

1. The Table of Detected Contaminants was not included in the report.
2. Some or all of the required source water information was missing.
3. Include Total Chlorine residual levels in the table. These levels can be found on the Total Chlorine Residual Quarterly Operating Report form 5114.
4. All of the required definitions for terms that should have been used in the report were not included.

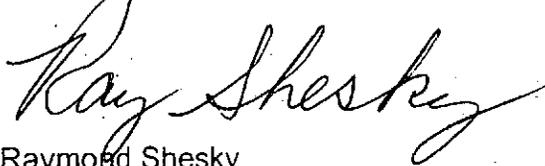

Be sure to correct the violations as appropriate in your next CCR. The next report for calendar year 2009 must be sent to your customers by no later than July 1, 2010. A copy of the CCR along with a Certification Form must be submitted to the Central District Office at the above address.
