SUBJECT: CCR VIOLATIONS (Type 72)

Ohio EPA received the 2008 Consumer Confidence Report (CCR) for the Village of Pleasantville. The CCR was reviewed for the required content. Based on our review, Village of Pleasantville's water system is in violation of the Ohio Administrative Code (OAC) Rules 3745-96-01 through 04 for failure to comply with the CCR requirements. The following violations were noted:

1. The required Village of Pleasantville water system contact or required public participation notice was not included.
2. The Table of Detected Contaminants did not include all the contaminants specified in OAC 3745-96-02 (i.e. Total Chlorine, Lead & Copper, etc.).
3. All of the required definitions, for terms that should have been used in the report, were not included.

Be sure to correct the violations as appropriate in your next CCR. The next report for calendar year 2009 must be sent to your customers by no later than July 1, 2010. A copy of the CCR along with a Certification Form must be submitted to the Central District Office at the above address.

The CCR template and template guide are accessible on our website:
www.epa.state.oh.us/ddagw.
