Dear Mr. Shadle:

On March 10, 2010, Ohio EPA received an e-mail with an invoice attached showing the air compressor and air conditioner had been removed from the Salem, Ohio facility and shipped to the Franklin, Pennsylvania facility. On March 14, 2010, Ohio EPA received an e-mail stating the sink had been removed from the Salem facility.

Based on this documentation, it appears that Salem Label has abated the violation noted in the March 5, 2010 Notice of Violation letter.
