Re: Licking County
North Point Cove
Community Water System
PWS ID: 4503612

Jeffrey Graham
Beta Development Company, Inc.
1404 Waggoner Road
Reynoldsburg, OH 43068

Dear Mr. Graham:

59 **Subject: Notice of Violation for Failure to collect Water Quality Parameters due to a Lead Action Level Exceedance**

The North Point Cove public water system is in violation of rule 3745-81-87 (A) and (B) of the Ohio Administrative Code (OAC) for failure to collect and submit flushed entry point water samples for lead and copper, and water quality parameter samples by December 20, 2009. Please refer to our letter of November 19, 2009.

57 **Subject: Notice of Violation for Failure to Submit Corrosion Control Recommendations due to a Lead Action Level Exceedance**

The North Point Cove public water system is in violation of rule 3745-81-82 of the Ohio Administrative Code for failure to submit corrosion control recommendations or a study showing optimal corrosion control treatment by March 30, 2010. If the recommendation or study involved detail plan approval, plans were required to have been submitted to our office by March 30, 2010 also.

If plans are to abandon the North Point Cove public water system and tie into another public water system, a letter stating the water system which is being tied into and the date this will be completed needs to be sent to my attention as soon as possible.

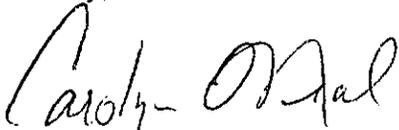

Please note that submittal of the required corrosion control recommendations flushed entry point water samples for lead and copper and water quality parameter sample results to this office within 30 days of the date of this letter (by May 19, 2010) is still required.

Ted Strickland, Governor
Lee Fisher, Lieutenant Governor
Chris Korleski, Director
