Dear Mr. Doyle:

On August 17, 2010, the Ohio Environmental Protection Agency (Ohio EPA), Division of Hazardous Waste Management, received American National Fleet Service's (AFS) response to the Agency's July 21, 2010 Notice of Violation letter. AFS submitted: information on used oil and universal waste lamps, photographs demonstrating the sand blast area has been cleaned, analytical data for the spent sand blast media, and a copy of hazardous waste manifest dated 07/16/10.

Ohio EPA's review of this documentation reveals that AFS has adequately demonstrated abatement of all violations and concerns discovered during the July 15, 2010 inspection.

Should you have any question, please feel free to call me at (330) 963-1278. You can find copies of the rules and other information on the DHWM's web page at:

Sincerely,

Wade Balsler
