Dear Mr. Sarver:

Thank you for your September 9, 2011, response to Ohio EPA's August 23, 2011, Notice of Violation letter. I received your response on September 12, 2011. You submitted documentation including: a corrected manifest #000518015, a newly developed waste accumulation area inspection procedure, photo documentation of proper storage of Diagnostic Hybrids' universal waste lamps, and photo documentation of emergency information posted at the phone closest to the hazardous waste accumulation area.

My review of this documentation reveals that Diagnostic Hybrids has adequately demonstrated abatement of all violations discovered during the August 15, 2011, inspection.

If you should have any questions, please feel free to call me at (740) 380-5248.

Sincerely,

Elizabeth A. Herron
