Rule**

Dear Mr. Croston:

In accordance with Ohio Administrative Code (OAC) 3745-83-01(I)(2), public water systems are required to submit monthly operational reports to Ohio EPA Division of Drinking and Ground Waters by the tenth of the month following the reporting month. This report is **required to be signed** by an Operator of Record for the water system. According to our records, the Carvel Manor MHP does not have an Operator of Record, and the monthly reports are not being signed resulting in violation of OAC 3745-83-01(I)(2).

Ohio EPA has sent correspondence dated April 9, 2008, and September 3, 2008, informing you to submit the *Operator of Record Notification* form to our office to comply with operator certification requirements in accordance with OAC 3745-7-02. To date, Carvel Manor MHP continues to be in violation of this rule.

You are required to submit the *Operator of Record Notification* form immediately to Ohio EPA along with a copy of the signed contract between you and a certified operator. If you continue being noncompliant with these rules, your water system will be referred for enforcement.
