**Subject: Notice of Violation for Manganese**

Dear Mayor Taylor:

According to the City of Circleville monthly operating reports submitted for June 2010, one of the four finished water quality samples exceeded the secondary maximum contaminant levels (MCL) for manganese. On June 15, 2010, the manganese concentration in the finished water was 0.06 mg/l. This exceedance is a violation of Ohio Administrative Code 3745-82-02.

If you have any questions, please contact me at (614) 728-3870.

Sincerely,
