SUBJECT: CCR VIOLATIONS

Dear Mr. Williams:

Ohio EPA received the 2009 Consumer Confidence Report (CCR) for Earnhart Hill Regional Water & Sewer District on July 2, 2010. The CCR was reviewed for the required content. Based on our review, Earnhart Hill Regional Water & Sewer District public water system is in violation of the Ohio Administrative Code (OAC) Rules 3745-96-01 through 04 for failure to comply with the CCR requirements. The following violation(s) was (were) noted:

1. Total Chlorine residual levels were not included in the table. (These levels are calculated from the Quarterly Total Chlorine Residual Operating Report form 5114.)
2. The status of your license to operate a public water system was not included.

Be sure to correct the violation(s) as needed in your next CCR. As a reminder, the report for calendar year 2010 must be sent to your customers by no later than July 1, 2011. A copy of the CCR and a completed Certification Form must be submitted to the Central District Office.

The CCR template and instruction guide is accessible on our website:
