December 8, 2008

Ms. Cynthia Erchenbrecher, Manager
Health, Safety & Environmental
Tembec BTRLSR, Inc.
2112 Sylvan Avenue
Toledo, Ohio 43606

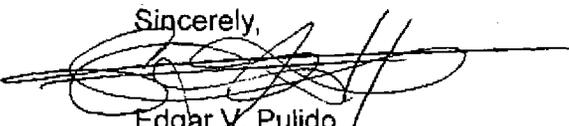

Dear Ms. Erchenbrecher:

During a recent review of Ohio EPA databases, it was discovered that a violation from an Ohio EPA inspection conducted on January 19, 2006 has not been abated. This violation was cited in a Notice of Violation sent to Tembec BTRLSR, Inc. (Tembec) from Ohio EPA dated February 3, 2006.

On October 27, 2008, I ^{contacted} conducted you and requested the information necessary to abate the violation. On November 12, 2008, I received a letter regarding this outstanding violation, OAC Rule 3745-52-11: Failure to evaluate spent fluorescents lamps. Based on the letter of response you submitted, Tembec has corrected the violation by managing the spent light bulbs as universal waste. Therefore, Tembec has abated all violations observed during the January 19, 2006, inspection.

I you have any questions or concerns; please feel free to contact me at (419) 373-3015 or via email at ed.pulido@epa.state.oh.us.

Sincerely,

Edgar V. Pulido
Division of Hazardous Waste Management
