Subject: Failure to Sample Source Water for Fecal Indicators (Total Coliform) as Required

Turn Point Apostolic Church PWS is in violation of Federal Code, Rule 141.402 for failure to comply with the Ground Water Rule monitoring.

Monitoring Period:	September 2010
Required Monitoring:	1
Sample Results Submitted:	None

ACTION REQUIRED:

- To address this violation, return to compliance, and prevent federal enforcement action, the required source water samples must be collected. Failure to collect the required source water sample(s) may result in enforcement action by the United States Environmental Protection Agency (USEPA).** If source water (raw) samples were collected as required, submit the results to the appropriate Ohio EPA District Office as soon as possible. The monitoring violation would be rescinded and a reporting violation given for late submittal of the results. If raw water samples were not collected, they must still be collected and Ohio EPA must receive results to return to compliance and prevent referring this violation to USEPA.
- Notify the people served by this water system** using one or more of the methods and the timing as required by OAC, Rule 3745-81-32 to reach all persons served.

Timing: As soon as practical, but no later than 30 days after learning of the violation:

- Posting in conspicuous location, such as bulletin boards, restrooms, drinking fountains, vending areas;
- Mail or other direct delivery to each customer;
- Newsletters or newspaper;
- E-mail to employees or students;
- Send to parents or guardians of children at schools or day care facilities;
