Return to Compliance

August 30, 2007

Mr. Kenneth Humphrey  
Environmental Affairs Director  
Envirosafe Services of Ohio, Inc.  
876 Otter Creek Road  
Oregon, Ohio 43616-1200

Dear Mr. Humphrey:

Thank you for meeting with Gary Deutschman and me on August 15, 2007. During this meeting, Envirosafe Services of Ohio, Inc. (ESOI) demonstrated the Cell M Primary Leachate Collection System (PLCS) pump settings. Ohio EPA also received your July 19, 2007, response to Ohio EPA's July 6, 2007, correspondence regarding ESOI's compliance status with regards to an April 20, 2007, Notice of Violation (NOV) letter.

My review of the PLCS pump settings and our discussion on August 15, 2007, along with the documentation you provided on May 3, 2007, and July 19, 2007, has abated the violation of Permit Condition J.3(a) and OAC Rule 3745-57-03(A)(2) cited in the April 20, 2007, NOV letter.

If you should have any questions, please feel free to contact me at (419) 698-3130 or via e-mail at [chris.maslo@epa.state.oh.us](mailto:chris.maslo@epa.state.oh.us).

Sincerely,
