Dear Mr. Woodyard:

On March 19, 2008 the Ohio Environmental Protection Agency (Ohio EPA) conducted an inspection at your property. The address for this property is 4971 SR 601, Norwalk. The parcel number for this property is: 300020050120000. The purpose of this inspection was to investigate a complaint Ohio EPA received in reference to the above named property and determine compliance in accordance with Chapter 3745-27 of the Ohio Administrative Code (OAC). I have enclosed the pictures from our inspection for your reference.

Brent Goetz and I represented Ohio EPA during the March 19, 2008 inspection. You accompanied us throughout our inspection. I observed a large pile of solid waste on the hillside above the river. The solid waste consisted of tires, appliances, scrap plastic and metal, and various other discarded items. The pile of solid waste was being covered with yard waste and brush. You were also in the process of using a backhoe to dig up a previous burn pile to recover any metal that could be scrapped. The pile consisted of ash, and scrap metal. Ohio EPA Division of Air Pollution Control (DAPC) was notified of possible violations of Ohio's open burning regulations.

OAC Rule 3745-27-05(C) states, No person shall conduct, permit, or allow open dumping. In the event that open dumping is occurring or has occurred at a property, the person(s) responsible for the open dumping, the owner of the property, or the person(s) who allow or allowed open dumping to occur, shall promptly remove and dispose or otherwise manage the solid waste in accordance with Chapter 3734. of the Revised Code, and shall submit verification that the solid waste has been properly managed.

Ohio Revised Code (ORC) Section 3734.03 states, No person shall dispose of solid waste by open burning or open dumping, except as authorized by the director of environmental protection in rules adopted in accordance with division (V) of section 3734.01, section 3734.02, or sections 3734.70 to 3734.73 of the Revised Code and except for burying or burning the body of a dead animal as authorized by section 941.14 of the Revised Code. No person shall dispose of treated or untreated infectious waste by open burning or open dumping.

Placement of the above referenced items onto or into the ground constitutes open dumping. The owner/operator of the property is in violation of OAC Rule 3745-27-05(C) and ORC Section 3734.03 for open dumping. The owner/operator of the property is also in violation of ORC Section 3734.02(C), ORC Section 3734.05(A)(1), and OAC Rule 3745-37-01(A) for operating a solid waste disposal site without a permit and license.

ORC Section 3734.02(C) states, Except as provided in this division and divisions (N)(2) and (3) of this section, no person shall establish a new solid waste facility, or modify an existing solid waste facility, without submitting an application for a permit with accompanying detail plans, specifications, and information regarding the facility and method of operation and receiving a permit issued by the director.

ORC Section 3734.05(A)(1) states, Except as provided in divisions (A)(4), (8), and (9) of this section, no person shall operate or maintain a solid waste facility without a license issued under this division by the board of health of the health district in which the facility is located or by the director of environmental protection when the health district in which the facility is located is not on the approved list under section 3734.08 of the Revised Code.

OAC Rule 3745-37-01(A) states in part, No person shall conduct municipal solid waste landfill operations without possessing a separate, valid license for each such operation, as required by Chapter 3734. of the Revised Code and the Administrative Code rules adopted thereunder.

You will continue to be in violation of 3745-31-02(A)(1), ORC Section 3734.02(C), ORC Section 3734.05(A)(1), and OAC Rule 3745-37-01(A) for operating an unlicensed and unpermitted solid waste landfill facility and OAC Rule 3745-27-05(C) and ORC Section 3734.03 for open dumping of solid waste at your property until all waste materials are removed.

Please respond, in writing, within 7 days from receipt of this notice of violation. The response shall include a complete schedule for removing solid waste from the aforementioned property for proper disposal. Please note the copies of receipts shall be submitted to Ohio EPA in order to document proper disposal. The removal of scrap tires must be done by a scrap tire transporter who is registered with Ohio EPA. A list of Ohio's registered scrap tire transporters is enclosed for your reference. You are required to maintain shipping papers for all tires removed from the property. Please submit this response and documentation to my attention at: 347 North Dunbridge Rd. Bowling Green OH., 43402.
