Put-in-Bay, Ohio 43456

Dear Trustees:

On June 25, 2009, the Ohio Environmental Protection Agency (Ohio EPA), Division of Solid & Infectious Waste Management (DSIWM), Northwest District Office (NWDO), received a letter dated June 23, 2009, from Put-in-Bay Township in response to Ohio EPA's June 18, 2009, letter concerning the June 9, 2009, inspection of the South Bass Island Transfer Station. The township's letter included copies of daily log of operations forms for January through May 2009 as requested in Ohio EPA's letter.

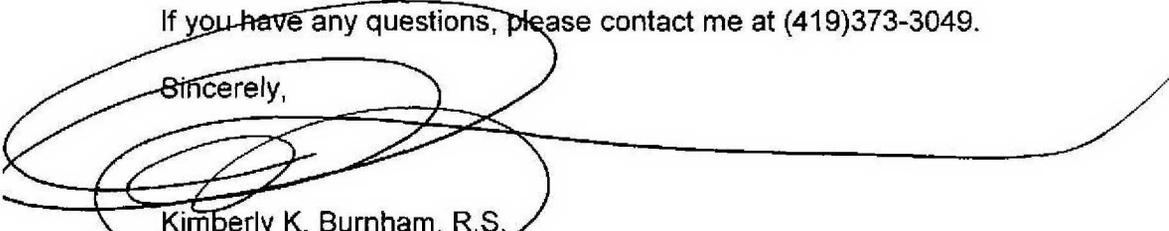

Ohio EPA's June 18, 2009, letter cited a violation of OAC Rule 3745-27-23(U) because the facility's daily log book did not contain any Incoming or Outgoing Materials Forms, Forms 2A and 2B, for Lake Disposal or BFI, from the first of the year through the date of the inspection.

Ohio EPA reviewed the June 23, 2009, letter and enclosed daily log forms. The submittal has adequately addressed the violation of OAC Rule 3745-27-23(U) cited in Ohio EPA's June 18, 2009, letter.

Thank you for your prompt response.

If you have any questions, please contact me at (419)373-3049.

Sincerely,

Kimberly K. Burnham, R.S.
