Mr. Robert Hanus  
3316 Blairmont Avenue  
Toledo, Ohio 43614

Dear Mr. Hanus:

On September 12, 2008, I, representing the Ohio Environmental Protection Agency (Ohio EPA) Division of Solid and Infectious Waste Management (DSIWM), reinspected property at 23046 West State Route 51, Genoa, Clay Township, Ottawa County, Ohio (property) to determine if tires accumulated at the property had been removed. The owner/operator was not represented during the inspection.

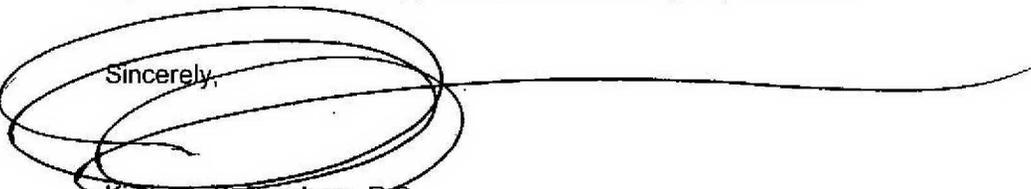

The semi trailer full of scrap tires that had previously been observed on the property had been removed. No scrap tires were noted on the property.

Ohio EPA considers Case No. 07-23 to be closed.

On August 7, 2008, Ohio EPA received an application for your scrap tire recovery facility to be located on Gypsy Lane Road in Bowling Green. This application is under review.

If you have any questions, please contact me at (419) 373-3049.

Sincerely,

Kimbeny K. Burnham, R.S.

Division of Solid and Infectious Waste Management
