Re: Notice of Violation
Clay Township, Ottawa County

October 15, 2007

CERTIFIED MAIL

Earl F. and Bernadine K. Dipman
4535 N. Martin Williston Road
Martin, Ohio 43445

Dear Mr. and Mrs. Dipman:

On September 25, 2007, I, representing the Ohio Environmental Protection Agency (Ohio EPA), conducted a reinspection at property you own at 23046 West State Route 51, Genoa, Clay Township, Ottawa County, Ohio (Property) to determine if tires accumulated at the Property had been removed as requested in my July 6, 2007, notice of violation letter.

On the Property, I found that the scrap tires had been removed from the ground and placed in a semi trailer labeled "Dillon Registered Tire Transporter," located on the east side of the Property. This was not the same semi trailer that was on the property during my initial inspection on May 22, 2007.

As scrap tires remain on the Property, it remains an unregistered and unlicensed scrap tire storage facility.

The owner/operator of the Property remains in violation of the following rules and laws:

1. ORC § 3734.81(A) which states in pertinent part:

   . . . no person shall operate a scrap tire collection, storage, monocell, monofill, or recovery facility without a license . . .

2. ORC § 3734.76(C) which states in pertinent part:

   . . . no person shall establish a new, or modify an existing, scrap tire storage facility without first either registering with the director by submitting an application for a scrap tire storage facility registration certificate with accompanying

information regarding the facility and its method of operation or submitting to the director an application for a scrap tire storage facility permit with accompanying engineering detail plans, specifications, and information . . .

3. OAC Rule 3745-27-61(B) which states in pertinent part:

An application for a registration certificate as required by section 3734.75, 3734.76, or 3734.78 of the Revised Code, shall be submitted to and approved by the director, before the establishment or modification of the scrap tire collection, class II storage, or class II scrap tire recovery facility is begun. . .

These violations will continue until all scrap tires are removed from the property by a registered scrap tire transporter and properly disposed. Please forward receipts documenting removal of the scrap tires to my attention at:

Ohio EPA - NWDO
Attn: Kimberly Burnham
347 N. Dunbridge Road
Bowling Green, Ohio 43402

This correspondence addresses specific observations only of the areas of the Property that were inspected. Nothing present in, nor absent from this correspondence is intended to mean that no other violations existed at the Property at the time of inspection.

Compliance with the requirements outlined in this letter, or the solid and infectious waste provisions contained in the Ohio Revised Code Chapter 3734. and the rules promulgated thereunder, does not relieve the owner/operator from their obligations to comply with other applicable state and federal laws and regulations.

If you have any questions, please contact me at (419) 373-3049.

Sincerely,

Kimberly K. Burnham, R.S.
Environmental Specialist
Division of Solid and Infectious Waste Management
