Belmont, Ohio 43718

Dear Mayor Thompson:

The Ohio Environmental Protection Agency has received a complaint concerning the open dumping of solid waste on a property located along Bridge Street in Belmont, Ohio. This property appears to be used by the village street department. On June 22, 2010, I investigated this complaint and found it to be valid. It appears that solid wastes have been open dumped into the ravine towards the southeastern portion of the property. I observed fluorescent bulbs, tires, window shutters, leaves and other solid wastes in the ravine. Also, I observed several scrap tires on the property.

Open dumping of solid waste is a violation of Ohio Revised Code (ORC) chapter 3734.03 and Ohio Administrative Code (OAC) 3745-27-05(C).

ORC 3734.03 states in part:

ORC 3734.03 - No person shall dispose of solid wastes by open dumping or open burning.

OAC 3745-27-05(C) states:

OAC 3745-27-05(C) - No person shall conduct, permit, or allow open dumping.

Please respond to this correspondence within 14 days of receipt. All solid wastes must be removed from the property for proper disposal. Receipts of disposal will be needed for proof of proper disposal.

If you have any questions, please feel free to contact me at this office. You can reach me either by mail or by calling me at (740) 380-5443.

Sincerely,
