Ms. Georgeanne Hammond
American Electric Power
47201 CR 273
Conesville, Ohio 43811

Dear Ms. Hammond:

On November 6, 2007, Vicky German and I performed a compliance inspection to determine American Electric Power (AEP)'s compliance with Ohio's hazardous waste and solid waste laws and regulations as found in Chapter 3734 of the Ohio Revised Code (ORC) and Chapter 3745 of the Ohio Administrative Code (OAC).

Based on our observations and review of facility documentation during this inspection, a notice of violation letter was issued to you on November 19, 2007. Based on the documentation included in your response, AEP has returned to compliance with the following hazardous waste regulations.

- (i) OAC rule 3745-52-11, Waste determination.

AEP has now abated all violations cited from the November 6, 2007 inspection.

Additional information on the hazardous waste rules, pollution prevention assessments and other useful information is available on Ohio EPA's website at www.epa.state.oh.us. If you have any questions regarding waste management or pollution prevention activities, please call me at (740) 380-5278. If you have any pollution prevention questions or would be interested in a pollution prevention assessment, please call Donna Goodman at (740) 380-5293.

Sincerely,

Richard Stewart
District Representative
Division of Hazardous Waste Management
