Ohio EPA Permit No. 2IN00173  
NPDES Permit No. OH0122629

September 23, 2011

Mr. David Burke  
Burke Petroleum, Inc.  
P. O. Box 7  
Minster, Ohio 45865

Dear Mr. Burke:

This letter serves as a notice of violation to inform you that we are missing the discharge monitoring reports listed on the attached sheet of paper. As a reminder, hard copy self-monitoring report submissions are due on the 15<sup>th</sup> day of the following month and electronic submissions are due on the 20<sup>th</sup> day of the following month. Submit the missing reports **within 10 days** of the date of this letter. Even if no discharge occurs, as long as the permit is in place, a report must be submitted.

Please be advised that failure to comply with the effluent limitations and/or monitoring requirements, including adequate laboratory controls, appropriate quality assurance procedures, and records retention, as specified in your Part III-General conditions of your NPDES permit may be cause for enforcement action pursuant to Ohio Revised Code, Chapter 6111. If these violations continue to occur and if satisfactory progress is not made, it may be necessary to initiate enforcement action to achieve compliance.

The Ohio EPA strongly encourages pollution prevention as the preferred approach for waste management. The first priority of pollution prevention is to eliminate the generation of wastes and pollutants at the source (source reduction). For those wastes or pollutants that are generated, the second priority is to recycle or reuse them in an environmentally sound manner. You can benefit economically, help preserve the environment, and improve your public image by implementing pollution prevention programs. For more information about pollution prevention, including fact sheets or U. S. EPA's "Facility Pollution Prevention Guide" (EPA/600/R-92.008), please contact the Ohio EPA Pollution Prevention Section at (614)644-3469.

If there are any questions, please contact me at (419) 373 - 3022.

Sincerely,

Justin A. Williams
