NPDES Permit No. OH0027910

September 23, 2011

Mr. Robert J. Hornic
WWTP Superintendent
City of Van Wert
515 East Main Street
Van Wert, Ohio 45891

Dear Mr. Hornic:

We are in receipt of your self-monitoring report covering the months of April through June 2011 for the referenced facility. Our review indicates violations of the conditions of your NPDES permit. The specific instances of noncompliance are attached on a separate sheet.

We have received your June 3, 2011, email regarding the above mentioned violations and require no further response at this time.

The Ohio EPA strongly encourages pollution prevention as the preferred approach for waste management. The first priority of pollution prevention is to eliminate the generation of wastes and pollutants at the source (source reduction). For those wastes or pollutants that are generated, the second priority is to recycle or reuse them in an environmentally sound manner. You can benefit economically, help preserve the environment, and improve your public image by implementing pollution prevention programs. For more information about pollution prevention, including fact sheets or U. S. EPA's "Facility Pollution Prevention Guide" (EPA/600/R-92.008), please contact the Ohio EPA Pollution Prevention Section at (614)644-3469.

If there are any questions, please contact Mr. Justin Williams at (419) 373 - 3022.

Sincerely,

Elizabeth A. Wick, P.E.
