Re: Notice of Violation, Failure to Submit Discharge Monitoring Reports

Dear Mr. van Grouw,

Ohio EPA has not received a Discharge Monitoring Report from Flatland Dairy for May, 2011.

Your Concentrated Animal Feeding Operation (CAFO) National Pollutant Discharge Elimination System (NPDES) permit requires collection of water quality samples during the months of **May** and **November**. The results from these samples are due no later than June 15th for the month of May and December 15th for the month of November. Ohio EPA recommends that you have the sampling containers available and review your permit requirements in Part I, B for specific details on sampling location and parameters to be analyzed. Failure to submit sampling data in accordance with your permit is a violation of the permit.

Please submit the results of the water quality sample collected in May, 2011 within **14 days** of receipt of this letter.

If you have any questions regarding sample collection or submitting the sample results to Ohio EPA, please contact me at 614-728-2397 or at jon.bernstein@epa.state.oh.us.

Sincerely,

Jon Bernstein
