Re: **Notice of Violation, Failure to Submit May, 2010 Water Quality Data**

Dear Arno,

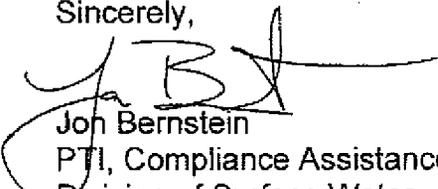

Ohio EPA has not received an Electronic Discharge Monitoring Report (e-DMR) from Springfield Dairy for May, 2010.

Your Concentrated Animal Feeding Operation (CAFO) National Pollutant Discharge Elimination System (NPDES) permit requires collection of water quality samples during the months of **May** and **November**. The results from these samples are due no later than June 15<sup>th</sup> for the month of May and December 15<sup>th</sup> for the month of November.

Please submit the results of your May, 2010, storm water sampling. If you were unable to collect a sample from the storm water detention basin because it did not discharge in May, then you are still required to submit a report which indicates that there was no discharge.

Please submit the results of your May, 2010 water quality sampling as soon as possible. If you have any questions regarding sample collection or submitting the sample results to Ohio EPA, please contact me at 614-728-2397 or at [jon.bernstein@epa.state.oh.us](mailto:jon.bernstein@epa.state.oh.us).

Sincerely,

Jon Bernstein
