Dear Mr. Sherman:

Thank you for your November 22, 2011, response to Ohio EPA's November 17, 2011, Notice of Violation letter (NOV). You submitted an email which stated that all of your bulbs on-site were sent to Environmental Recycling for recycling and thus you are not currently storing bulbs. Please note to ensure to comply with all applicable universal waste rules while storing lamps in the future.

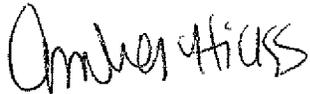

My review of this documentation reveals that Thayer Honda has adequately demonstrated abatement of the violations discovered during the October 27, 2011, inspection as listed below:

Violation	Date Violation Observed	Date Violation Abated
1. OAC Rule 3745-273-13 (D) Waste management - standards for small quantity handlers of universal waste (lamps).	October 27, 2011	November 22, 2011
2. OAC Rule 3745-273-14 (E) Waste management - Labeling/marketing standards for small quantity handlers of universal waste (lamps).	October 27, 2011	November 22, 2011
3. OAC Rule 3745-279-22 (C)(1) Used oil storage requirements - proper labels.	October 27, 2011	November 3, 2011
