Dear Ms. Lawson:

This letter acknowledges receipt on January 23, 2012 of correspondence dated January 19, 2012 from Debbie Bishop of Ross Incineration Services Inc. (RIS) responding to Ohio EPA's Notice of Violation (NOV) letter dated December 16, 2011.

My review of the documentation provided by this correspondence, which included discussions of procedure changes and training session documentation records, indicates that RIS has adequately demonstrated abatement of the following violations from the November 14 and 15, 2011 inspection cited in my NOV letter of December 16, 2011, specifically:

1. OAC Rule 3745-52-34 (C) (1) (b) Labeling of Satellite Accumulation Containers.
2. OAC Rule 3745-55-73 Management of Containers
Permit Condition C.5 (a)
3. OAC Rule 3745-54-15(A) Inspections
Permit Condition C.8 Inspection Schedules and Procedures
4. OAC 3745-273-13(D)(1) Small quantity handler must contain universal waste lamps in proper containers or packaging and containers or packaging must be closed.

Should you have any questions regarding this letter, please contact me at (330) 963-1165.

Sincerely,
